SK CERTIFICATE of constancy of performance of essential characteristics of product

SK01 - ZSV - 0387

In compliance with the Act No.133/2013 Coll. on the constructional products and amending and supplementing certain acts as amended, the certificate applies to the construction product,

Horizontal shutter with folding steel ladder, type LMF60
Horizontal shutter with folding scissor steel ladder, type LSF60
Horizontal shutter with folding timber ladder, type LWF60

used as a non-loadbearing horizontally oriented shutter with fire separating function for fire exposure from below, installed in the ceiling of family houses, administrative and multifunctional buildings; the main intended use is giving access for persons. The shutter is maintained in the closed position, locked or unlocked. Assessment and verification of constancy of performance and conditions of product use are defined in document No. C01/21/0003/2401/SC, issued by FIRES, s.r.o., Batizovce, Slovak Republic on 12. 04. 2021 and reports of continuous surveillances of factory production control, carried out during the validity of the certificate. The product is

placed on the market under the name or trade mark of

FAKRO Sp. z o.o.
Wegierska 144a, 33-300 Nowy Sacz, Poland

and produced in the manufacturing plant

STOLART Sp. z o.o.
ul. Dobra 508, 34-642 Dobra, Poland.

This certificate attests that all provisions referring to the assessment and verification of constancy of declared performance of essential characteristics of product (thereinafter: "performance assessment") and performances described in SK Technical Assessment

SKTP/20/0005/2401 Edition 2
issued by Approved Body for Technical Assessment No. TP01,
FIRES, s.r.o., Batizovce on 12. 03. 2024

under system I for the performance set out in this certificate are applied and that the factory production control conducted by the manufacturer is assessed to ensure the

constancy of performance of the construction product.

This certificate was first issued on 12. 04. 2021 and will remain valid as long as neither the SK Technical Assessment, the construction product, the assessment and verification of constancy of performance methods nor the manufacturing conditions in the plant are modified significantly, unless suspended or withdrawn by the approved product certification body.

In Batizovce, on 22. 03. 2024
